The Chronos Collection draws inspiration from the waxed walls of historic French châteaux, capturing beauty shaped by time.

Crafted using advanced 3D technology, each tile reveals natural texture and gentle movement, creating a layered, timeworn patina. The range is offered in four ornate, stone-inspired colours, spanning soft ivory tones through to deep coal, each enriched with subtle variation for depth and authenticity.

Named after the ancient concept of time, Chronos celebrates the elegance of age and imperfection – a floor tile range that feels grounded and enduring.
