Aurea

Traverso

Arena Lucidato

Introducing Traverso, a modern tribute to classic travertine. Masterfully crafted in Italy, Traverso utilises cutting-edge 3D surface technology, capturing the deep veining, organic movement, and tactile richness of authentic stone with striking realism.

Available in four refined colourways, Traverso brings the warmth and prestige of traditional stone into any space. While real stone is porous and demands routine sealing to prevent damage, these high-performance porcelain tiles are non-porous, stain-resistant, and simple to clean.

The result is an exceptionally durable surface that withstands daily high-traffic – offering the luxury of Italian stone with effortless, worry-free maintenance.
